WRITING

2. Every person has a bias. It is a really good person for them and they want to look like them, to live like them, to behave like them, and etc. I have a bias too and want to describe him and explain why I want to meet him.

I would like to meet Hyunjin from Stray kids. Stray kids is a very famous K-POP group which has a lot of fans in all the world. Hyunjin is a rapper and a lead dancer in this group. I really love his performances. He always looks so bright and free that you can feel his passion to dance even through your phone screen, because he is charming and talented. I would like to visit his concert and look at him in real time. Maybe I ask him a few questions about his feelings. Moreover, he is a painter and has about thirty art-works. He works in many directions from modern avant-garde ones to realistic landscapes. Those art-works are full of deep emotions and the beauty of nature. I'd like to visit his future art gallery. If I have a chance to meet him, I want to thank him because he is the one who forces me to do more, to move further and teaches me to love my life and myself.
