WRITING

I do not watch ~~more~~ films much, though, I think last one I saw was "Transformers". It was quite a fantastic one. In simple words, it's about big robots able to turn cars, having to work alongside with humans to get back the cube, able to return their race, usual and more shown Transformers being Bumblebee and Optimus prime. But they also have to fight other robots who are against them and wish to take the cube as well. I'm a very big fan of sci-fi, so seeing such movie was great. Every lover of this genre and cool big fights should definitely see it, since it was quite a pleasure to see and has more than one part. Though, if you're not a huge fan of questionable humor maybe you should skip it, this film has a bunch of this. I do hope more people would see it and get to know about it and its origins, It needs much more attention than it has in the moment. I don't think that I'll win, but I hope that you reading this will make you curious about this film.
